

QDialog

```
graph BT; customercompletedorder --> QDialog
```

A UML diagram showing a directed association between two classes. The class 'customercompletedorder' is represented by a gray rectangle at the bottom, and the class 'QDialog' is represented by a white rectangle at the top. A blue arrow points from the bottom of 'customercompletedorder' to the bottom of 'QDialog', indicating a directed association from the lower class to the upper class.

customercompletedorder
